## ANDREW MELLON, STATESMAN AND FINANCIER, DIES

Succumbs In 83rd Year at  
Daughter's Home  
In New York

WRITES PLANNED  
IN PITTSBURGH

Was Secretary of Treas-  
ury Under Three  
Presidents

(By Associated Press)  
SOUTHAMPTON, N. Y., Aug. 27.—Andrew W. Mellon, who built one of the world's greatest fortunes out of banking, oil and aluminum and who spent his late years in the nation's service as secretary of the treasury and as ambassador to Great Britain, has passed from the American scene.

The efficient, white haired financier, whose 11 years of service under three presidents was surpassed only by one of his predecessors as head of the treasury department died peacefully last night in his 83rd year.

He died in the home of his daughter, Mrs. David K. E. Bruce after a month's illness from uremia and bronchial pneumonia. At his bedside as life ebbed away were his son-in-law and the financier's two grandsons and his daughter, Mrs. Bruce. The death of Pittsburgh's most powerful figure and one of the na-

tion's unostentatious philanthropists was not unexpected. He had been under the physician's care for three weeks and steadily has grown weaker.

Mellon made no last statement or request as he passed away. While men who had been associated with Mellon in his many and varied activities paid him tribute, plans were made for funeral services in Pittsburgh, where he was born and spent his life with the exception of his years in Washington and London.

The funeral will be held Saturday afternoon at the East Liberty Presbyterian church, a magnificent edifice which Mellon and his wife, the late R. B. Mellon, made possible by their benefactions. The body will be taken to Pittsburgh late today.

**Fabulously Wealthy**  
Mellon was fabulously wealthy in the extent of his personal fortune when he died. The only official estimate of his public was \$60,000,000, given by Mellon's secretary during hearing on the bankruptcy income tax appeal in 1931. Friends said, however, they believed the combined fortune of the financier and his two children would amount to approximately \$500,000,000.

Like John D. Rockefeller, Sr., and other contemporaries, Mellon's personal fortune had been partly dissipated by the lavishness of his philanthropies.

## FRIENDS HEAR FUND REPORTS

Year's Giving to Various  
Churches Reveals  
\$15,000 Gain

DAMASCUS, Aug. 27.—Showing its biggest gain in giving since 1916, the Ohio Yearly Meeting of Friends received \$15,000 more from its members this year than it did in 1936.

This fact was revealed here yesterday in the report of the stewardship committee, presented at the third day's session of the 125th annual meeting, by Perry M. Hayden of Tecumseh, Mich.

The report was compiled by Elmore and Paul Langdon of Grove City, Yearly Meeting statisticians.

**Newport News Leads**  
Leading the list of 60 churches within the yearly meeting was Newport News, Va., with an average of \$62.40 for each member. A total of \$4,805 was given by the Virginia church, which has 77 members.

The Salem Friends church, largest of the point of membership, gave the second largest amount of money but its average for each member, \$15.72, placed it 43rd on the list. The Damascus church, oldest in the meeting, ranks 53rd with an average of \$12.47.

Alliance Friends church gave the largest amount, \$6,930, but ranks 36th on the list because the average contribution of each member was \$19.20.

The total giving of the yearly meeting increased from \$13 a member in 1936 to \$21 a member this year. The record for giving was set in 1930 when an average of \$25.50 was contributed by each member.

Reports continued to occupy most of the business sessions yesterday. Ralph S. Coppelock of Alliance, presiding clerk, submitted the report of the Ohio Friends' Book concern, revealing that a new book by Rev. Willie Hotchkiss, former pastor of the Salem Friends church, is at present being published. The title of the book is "Then and Now in Kenya Colony."

**Treasurer's Report**  
Curtis A. Ellet of Beloit, treasurer of the Yearly Meeting, submitted his report. The work of the Cleveland Bible institute in the year was related by Rev. Worthy A. Spring, president of the school. An offering of \$172 in cash and pledges was received after the report of the Friends Rescue home had been read.

TEACHERS WILL  
ASSEMBLE SEPT. 8

New High School Students  
to Be Registered  
Next Week

More than 2,600 elementary and High school pupils of the Salem public schools will trek back to the class rooms they left three months ago when the school bells toll again on Thursday, Sept. 9.

To most of them it will be "old stuff"—in their quest for knowledge. To a few, the beginners, it will be a novel experience.

**Expect High Enrollment**

The enrollment this year in the public schools is expected to be higher than it was for the previous term, Supt. E. S. Kerr indicated today.

At present the superintendent is re-organizing his teaching staff in preparation for the reopening.

The first meeting of the teachers will be held at 2 p. m. Wednesday, Sept. 8, the day before school opens, at which time Supt. Kerr will issue instructions to all teachers and discuss the new school year in general.

A session for the superintendent and Principal Harold M. Williams of the High school, Principal B. G. Ludwig of the Junior High school and grade school principals, will be held at 10 a. m. the same day.

The board of education will hold its monthly meeting Monday, Sept. 13.

**New Pupils Register**

Students who will be new to Salem High school this year, and who have not registered yet, are requested to see Principal Williams at the High school no later than Monday or Tuesday of next week.

All Freshmen will meet at the High school building Wednesday afternoon, Sept. 8, to receive home room assignments and meet their teachers, Principal Williams announced.

Supt. Kerr announced that minor repairs had been made at several of the school buildings during the summer and that everything is now in readiness for the first day of school.

## E. PERSHING ST. WORK FINISHED

Improved Thoroughfare  
Will Be Opened to  
Traffic Tomorrow

East Pershing st., now paved between S. Lincoln and Ohio avenues, will be opened to vehicular traffic tomorrow.

City Engineer F. S. Barchhoff said today that the WPA workmen would complete the pouring of the asphalt top tonight on the seven-inch slag base.

The paving was completed at a cost of slightly more than \$5,000. The cost was shared three ways—the city paying a portion, property owners paying assessment fees and the WPA backing the labor costs.

Work of paving the street, which extends past Rolly athletic stadium, was started July 19.

## Dissection Expert Is Called A Liar

CLEVELAND, Aug. 27.—A 40-year-old mill worker, held by police for questioning in connection with Cleveland's ten torso killings after the dissection, today was termed a "confirmed liar" by his wife.

"He imagines all those things," his wife told police.

Detective Lieutenant Michael J. Blackwell said the suspect, a former dissection assistant in a Cleveland hospital for 13 years, was arrested after he had made boasts before drinking companions about his ability to dissect. He was still held today pending further investigation.

## Salem's First House Will Fall Under Wrecker's Axe

W. State St., Landmark to Be Removed to Provide  
More Space for Filling Station

Salem's oldest house is going to fall beneath the wrecker's axe.

The house, a two-story structure located on the north side of W. State st., just three doors west of N. Ellsworth ave., is to be torn down to make way for a service station improvement.

Erected in 1806 as a log cabin by pioneer settlers here, the building later received an outer covering of wooden boards which made it look like any other house.

The log cabin, still within the newer walls, is expected to be revealed shortly after the wrecking crew starts its work.

William H. Dunn of 829 S. Lincoln ave., owner of the property, has awarded the contract for dismantling the house.

Clearing of the ground on which the house now stands will give the gasoline station next door an additional strip of ground 32 feet wide.

Work of tearing down the old landmark will commence as soon as William Bodendorfer, present tenant, can move.

Although founded in 1800, Salem was not laid out as a village until 1807. In 1842 it had a population of 1,000 persons.

CHINESE AND JAPS  
BATTLE AT LOTIEN

Casualties Reported High  
In Fighting North  
of Shanghai

(By Associated Press)  
SHANGHAI, Aug. 27.—Crack Chinese and Japanese divisions fought a furious, costly battle today to turn Lotien, key point in China's defense lines about Shanghai, into a smoking heap of ashes.

The tide of battle saw-sawed from side to side. Both Chinese and Japanese rushed reinforcements to the desperate fighting 12 miles northwest of Shanghai. Thousands of casualties were sustained by both sides.

Japanese, after first being hurled back into Lion forest, reported they had rallied and occupied the town late this afternoon, gaining a foothold for a drive into the Kiangnan district just northwest of Shanghai proper.

**Envoy Close to Death**

While the battle raged, Great Britain's ambassador to China lay dangerously close to death from wounds suffered when his automobile was attacked by a Japanese airplane. His life, and possibly relations between Japan and Britain, depended on the success of a blood transfusion from a United States sailor, H. A. Thomson of Mountain View, Calif.

Doctors attending Sir Hugh Montgomery Knatchbull-Hugessen said in mid-afternoon that the envoy was continuing a gradually slow improvement. His back was broken and his right side pierced.

Japan hurled wave after wave of attackers from the homeland against two Chinese "death" divisions, forced to hold Lotien lines until reinforcements of three full divisions could arrive. The Chinese command ordered second line machine guns trained on the backs of divisions holding the line. At any sign of retreat the machine gunners were told to fire at their own countrymen.

Chinese said three thousand Japanese were killed or wounded in the battle.

## WESTERN AREA MARKS BALLOTS

"Straw Vote" to Determine Fate of Centralization Program

LISBON, Aug. 27.—A "straw vote" by the electorate in Knox, Butler, West and Hancock townships will determine tonight whether a \$200,000 school centralization program will be submitted to the voters next November, County School Superintendent W. E. Roberts announced Thursday.

The Western Rural board of education will weigh the opinions of their constituents at a meeting this evening at North Georgetown on several phases of the proposal. Ballots, mailed earlier in the month, have been returned to the board in sufficient number to give members a cross section of public opinion.

**Determine Building Type**  
The type and number of the proposed buildings as well as the actual submission of a bond issue next November will be determined by the response from the straw vote. Residents receiving the ballots would be required to indicate one large building or four separate grade school buildings.

The proposed single school building would require an annual bond levy of approximately 2.40 mills extending over a period of 22 years. If approved it will be erected as a PWA project with the government contributing \$89,000. The building would be large enough to accommodate all grade school pupils in the district. An auditorium, heating and lighting equipment, water supply and sewage disposal are included in this prospectus.

If the votes indicate a preference for the smaller buildings an annual bond levy of 2.70 mills extending over the same period will be required in addition to an \$89,000.

## Envoy Is Shot

Sir Knatchbull-Hugessen

Seriously wounded by machine gun bullets allegedly fired from a Japanese bombing plane, Sir Hugh Knatchbull-Hugessen was reported in critical condition in a Shanghai hospital. The incident was feared to bear grave international complications.

**Britain-Japan Break Looming**

British Will Act Unless They Obtain Full Satisfaction

(By Associated Press)  
LONDON, Aug. 27.—The British government was reported today considering breaking off diplomatic relations with Japan unless full satisfaction is obtained for the serious wounding of the British ambassador to China in an attack by Japanese warplanes.

Sir Hugh Montgomery Knatchbull-Hugessen, his back broken by a Japanese machine gun bullet, was in a critical condition in a Shanghai hospital. Indignant foreign officials were said to take a grave view of the attack made on the envoy's car by Japanese bombers in the Shanghai area of undeclared Sino-Japanese war.

**Howe Ordered to China**

Acting swiftly to maintain her diplomatic personnel in China during the tension, Britain ordered R. G. Howe, former counselor of the British embassy at Nanking, from England to take charge.

Howe was instructed to fly as far as possible over the war-disrupted commercial air lines in the far east and then get into China as fast as he can.

Informed sources emphasized this decision as evidence that Britain "will not be delayed" in taking action despite her request for further information.

Explanations from the Japanese government were awaited momentarily before a fateful decision was made on just what would constitute the "appropriate action" the government has pledged itself to take.

The Japanese embassy announced that Ambassador Shigeru Yoshida had asked for an appointment to see Foreign Secretary Anthony Eden at the foreign office in order to express his government's regret at "the most unfortunate" injury to Knatchbull-Hugessen.

Yoshida, the embassy said, will inform Eden of a "thorough investigation" of the attack has been undertaken in Tokyo and express Japan's hope that the wounded ambassador will have a speedy recovery.

**Three-Point Demand**  
Britain was understood to be considering a three-point demand for satisfaction that would amount to a virtual ultimatum to Japan. These were:

1. Drastic punishment of the airmen involved in the attack.  
2. Guarantees from Tokyo that steps would be taken at once to prevent any possibility of recurrence of such an incident.  
3. Full compensation for the victim.

Should the Japanese government not give full satisfaction, it was suggested in some quarters that Britain might withdraw Sir Robert Clive, British ambassador to Japan, from Tokyo temporarily, in effect severing diplomatic relations.

## AWAITS APPEALS RULING

Engineer Removed In  
Opinion of District Court

LISBON, Aug. 27.—Robert S. Wheatley of Salineville, ousted from his position as Columbiana county engineer as the result of a seventh district court of appeals decision yesterday, today announced he would appeal to the state supreme court in a final stand to retain his job.

The appellate court ruling, which was handed down at Painesville, reinstated Lloyd C. Kirk, of Lisbon, as the county engineer.

**Not Licensed When Elected**  
Kirk, a Republican, was returned to office on the ground that Wheatley, a Democrat, was not a licensed engineer Nov. 3, 1937, when he defeated Kirk by 3,731 votes.

The court further ruled Kirk, incumbent for 16 years, should retain the post until the November election in 1938, when a successor for the unexpired four-year term will be chosen.

Neither Kirk nor Wheatley could be reached for a statement today. "I was not expecting the decision before October," Wheatley said last night following his return from a week's vacation trip. "If the report is true, an appeal to the supreme court is our next move."

Wheatley intends to apply at once for a stay of execution of the appellate court's order, pending appeal to the highest state tribunal.

**Study State Statutes**

Wheatley's attorneys sought haven for their client today in a newly-enacted state law, which provides that county commissioners shall name an appointee if a vacancy occurs in the engineer's office.

Meanwhile Kirk is expected to demand possession of the office, from which he was ousted in January, on a mandamus writ.

The expected as soon as the court ruling is certified to Clerk of Courts Carl Stacey.

## Federal Mediators Act In Rail Strike

CHICAGO, Aug. 27.—A threatened strike of 350,000 workers who operate the nation's trains faded today as federal mediators tackled the job of settling a wage dispute.

The strike threat was precipitated when representatives of 86 major railroads rejected the demands of the "big five" railroad brotherhoods for a 20 per cent wage increase.

An offer by the national mediation board to seek a compromise was accepted by both sides yesterday, thus forestalling a strike in the immediate future.

**NATIONALISM OR BUST**

The President's tart statement on accepting the less than half a loaf which congress gave him in place of the judicial reorganization measure he wanted indicates he intends to keep on demanding more. However, half a loaf being better than none, he takes it.

The new deal's goal—complete nationalism—makes necessary a "high degree of cooperation" among the three coordinate branches. In the first four years of his administration, there was an excessively "high degree of cooperation" between Mr. Roosevelt and the legislative branch, with the judicial branch retaining its independence.

In the first year of his second term, there was much less "cooperation" between the executive and legislative branches, with the judicial branch improving somewhat, from the new deal's point of view, but not nearly enough. At the moment, it seems that the President not only has failed to get as much judicial "cooperation," as he wants, but has sacrificed legislative "cooperation" in the struggle. The bird in the bush is still there and the bird in the hand is threatening to fly away.

Mr. Roosevelt, in this most recent statement, as in the one he made last week at Roanoke Island, is confident that he and he alone knows what the people want—or at least what they need. The bitter fight in congress over judicial reorganization, the ultimate rejection of his proposal and the threatened smashup of the Democratic party have not caused the President to suspect for a moment that he may be interpreting his "mandate" too broadly. Mr. Roosevelt has given the new deal a motto: Nationalism or Bust.

**SUICIDE ON THE WHANGPOO**

Extent of the damage in Shanghai has become so vast that estimates of the monetary loss only begin to indicate the waste. A great commercial center rapidly is being disorganized and destroyed. Thousands of lives have been taken. A fortune in explosives already has been scattered over the area of devastation.

The Japanese, who seek control of Shanghai, the Chinese, who intend, apparently, to keep them from having anything to control, and the outsiders, who are caught in the middle of the conflict, all are losing heavily. It is a demonstration of what modern warfare with long range artillery and bombing planes means to population centers.

Nobody can win; everybody loses. The act of suicide which the far east is committing on the Whangpoo has its modern European counterpart in the deliberate destruction of Madrid, and both of them have precedent in the sack of Rome by the Gauls. In more than 2,000 years, man's advance in wisdom, as far as war is concerned, can be measured by the fact that in 1937, instead of using torches and axes, he destroys his own handwork much more rapidly with shrapnel and bombs.

**ON A SIDING**

Railroad management and organized trainmen are admittedly on a siding waiting for mediators to throw a switch. They have failed in direct negotiations over an increase in pay.

The country is going to have a chance to see now what happens in a thoroughly unionized industry under close government regulation, including elaborate provisions for mediating strike issues.

It believes mediation will work, and that the strike threatened by the Brotherhood of Railroad Trainmen will be averted. The setup in the railroad industry has been cited as a model for industry.

It would be a severe disappointment to learn that even so elaborately fashioned tools for averting strikes can be dulled and made useless by the same handicaps which have made peaceful settlement of strike issues seemingly impossible elsewhere.

The government and the organized trainmen have a chance to show their arguments for their method of maintaining industrial peace.

**THE STARS SAY :**

For Saturday, August 28

According to the lunar transits, a very lively and probably exciting day may be expected. This may have as its exciting causes the receipt of an important letter or other medium of what may be deemed "good news". Writings of all kinds are under favorable stimuli, but employment seems to have adverse or dubious angles. In doubt or difficulties, the friendship of elders may be counted on, although all social, domestic and affectional impulses are pleasantly aspected.

Those whose birthday it is may find themselves in a lively and exciting year, possibly because of some very good news, or by an event in which writings, publishing or documents loom large. There may be an anxiety or a problem in employment, in which case confer with elders or other friends, since domestic, social and affectional associations prove profitable and pleasant. It is a fortunate time for renewing contracts.

A child born on this day may be very clever and versatile, successful in business or in vocations connected with writing, publishing, advertising or other intellectual enterprise.

Adela Rogers St. Johns has a German Shepherd dog that is carrying on an old school sort of companionship with a neighbor's Chesapeake setter at her estate at Great Neck, L. I. Every other day they exchange formal afternoon calls, sitting about awhile politely, perhaps playing a bit and then stretching out for naps. On especially hot days they trot down to the Sound together for a swim. Their visits are always alternate—not once has one gone to visit the other twice in succession. Formality, no end.

Pew New York police commissioners have been so thoroughly hated by the underworld as the present incumbent, Edward Valentine. And the hatred is mutual. The commissioner is unable to conceal his scorn and contempt for old offenders or those who try to evade the law by hiring high-priced lawyers. When such crooks are brought before him, he shows them no courtesy whatever, and if they show any inclination to talk back he can scarcely restrain himself from hopping up from his desk and swinging a few from the ankle.

As a police reporter for a number of years, I never saw a really courageous crook. One who, caught, would stand up bravely as in the movies and sneer "So what?" The moment they realize the breaks are against them they wilt and snivel. Sometimes under the soporific of drink or drugs when first brought in they show a bravado, but once the stimulants wear off they cringe. I have seen the toughest cry like babies when cuffed a bit. They will gang up and shoot a cop or fire from ambush, but never slug toe to toe. One veteran police chief told me that in his experience he had never seen a hardened criminal not yellow at the core. In nothing do they play fair, always they seek advantage.

I'm forever wondering how Percy Crosby keeps "Skippy" skeedaddling along in such top form through interminable strips, always provoking a smile, perhaps a slight throat twitch or inspiring some agreeable jet of philosophical thought. On paper they seem so easy and casual. But such ideas do not just pop into mind. They are products of stewing in one's own juice, a travail of torment with the dead-line only a few hours away.

My admiration for Crosby was enhanced today because it has been one for me of utter mental sterility. I have straightened one of Peter Arno's framed originals a dozen times, counted the window panes in the side of Bill Corum's hotel across the roof top, got myself squirted up with red ink cleaning two fountain pens and looked up such words as syzygy and sillicie in the dictionary. Those days are not frequent, but they come often enough to hurl a type-writer out the window and follow it with a despairing shriek.

**ARTHRITIS**  
AT THIS time of the year many who suffer from arthritis are uncertain as to where to spend a vacation. Some choose the seashore, while others pick the mountains. In most cases a high, dry climate is preferable.

Undoubtedly many of the cases of so-called arthritis are in reality forms of rheumatism or neuralgia. For this reason, before choosing what climate is best suited for you, it is well to have an exact diagnosis made of your ailment.

Arthritis, as its name implies, is an inflammation of the joint. It may be acute or chronic. In acute arthritis, the sufferer is usually confined to bed for several weeks. If the condition is neglected, the acute pain subsides but some permanent disability results. This may take the form of chronic arthritis, which is so common everywhere.

Do not confuse arthritis with neuritis. Neuritis is an inflammation of a nerve. The trouble may be located in any portion of the body, and one or more nerves may be affected. The pain is usually severe and extremely obstinate.

Neuralgia is often confused with arthritis and neuritis. It is, in reality, a mild form of neuritis. It may be associated with an inflammation of a nerve.

Rheumatism is a chronic constitutional disease. Although the actual cause is not known, it is believed to be due to some micro-organism. Just what germ is responsible has not yet been determined.

Rheumatism afflicts young and old. In the young it manifests itself by high fever and severe pain in all the joints and muscles. This type is known as acute inflammatory rheumatism.

It will be seen that although these various conditions closely resemble one another, they are actually different diseases. In all of them, infection undoubtedly plays an important part. For this reason, it is important that infected teeth, tonsils, nasal sinuses, or infection of other structures of the body which may lead to inflammation of a joint, nerve, or muscle, must be gotten rid of by appropriate treatment.

If you have one of these afflictions, do not depend on home remedies. It is best first to determine what the disorder really is. This requires the aid of your doctor, who will give you a complete examination.

Mr. A. R. Q.—I have been losing weight constantly—what could I eat in the afternoon in order to gain back the 10 pounds I have lost? I use up a great deal of energy in my daily work.  
A.—Have an examination to determine whether or not there is need of specific treatment. In the meantime improve your general health and resistance. For further particulars send a self-addressed, stamped envelope and repeat your question. You may need more rest and relaxation.

## ANDREW MELLON, FINANCIER, DIES

Succumbs In 83rd Year at  
Daughter's Home  
In New York  
(Continued from page 1.)  
Mellon's vast enterprises reached  
around the earth and gave employ-  
ment to thousands. Banking, oil  
and aluminum were his principal  
interests and their corporate  
names were the Mellon National  
bank of Pittsburgh, one of the na-  
tion's largest, the Gulf Oil com-  
pany, and the Aluminum Company  
of America, dominant in its field.  
Only a few weeks before his last  
illness he visited President Roose-  
velt and made final arrangements  
for his last great public benefac-  
tion—establishment of a national  
gallery of art in the national cap-  
ital with his \$50,000,000 art col-  
lection, one of the finest extant, as  
the nucleus.  
Shunned Limelight  
One of the last great statesmen-  
financiers of the nation, Andrew  
William Mellon successfully shun-  
ned the limelight and was little  
known to his countrymen until he  
became secretary of the treasury  
under President Warren G. Hard-  
ing in 1921.  
He remained on the job until  
1932 when he retired to become  
ambassador to Great Britain.  
Fellow Republicans hailed him  
as "the greatest secretary of the  
treasury since Alexander Hamil-  
ton," but he was the target of sharp  
attack by the Democrats who un-  
successfully attempted to drive him  
from office in 1924.  
he was proud of his record as a  
cabinet officer and his party cited  
the reduction of the public debt  
from \$23,737,000,000 in 1921 to \$17-  
820,000,000 during his service.  
Mellon retired to private life in  
1933 when he resigned as ambassa-  
dor to Great Britain, and after-  
wards seldom appeared in public.  
A man of few words who left speech-  
making to others, his last public  
speech was at the dedication of the  
new home of the Mellon Institute  
of Industrial Research in Pitts-  
burgh May 6.  
Mellon who with his brother  
Richard, established the institute  
in 1913 to conduct scientific re-  
search in industry, said on this oc-  
casion that "new discoveries and  
inventions"—not governmental or  
political action, have been respon-  
sible for "increased production,  
lowered costs, raised wages and  
a higher standard of living."  
Born to wealth, Andrew Mellon  
was a man of simple tastes, a  
multi-millionaire who never owned  
a yacht, a private Pullman car  
or a country estate.

## WOUNDED ENVOY FIGHTS TO LIVE

Life of Ambassador Depends on Blood Transfusion

(Continued from page 1.)

The neighboring town of Kating was in flames as the armies surged through it before the Japanese lines finally broke.

To the east of Loien, a few miles south of Wooning, a heavy battle was being fought at Changhwa-pang, midway between the forest and Kiangwan, the multi-million dollar municipal of Shanghai.

### Hospital Ship On Way

Owing to the unexpectedly heavy casualties suffered by the Japanese, a fleet of hospital ships was ordered dispatched from the homeland. The first unit tied up today off the bank near the U. S. S. Augusta, flagship of the Asiatic fleet, prominently displaying the Red Cross emblem.

One shell screamed into the beleaguered Ward road jail where 6,500 prisoners are held because of Japanese refusal to permit their release. Two of the inmates were killed and seven persons were seriously wounded. Three of the wounded were British Sikh guards.

A Japanese airplane raiding the Chinese lines at Kiangwan crashed in flames, killing its crew.

Both the American and British Chambers of Commerce urged their governments to undertake to ensure that Chinese and Japanese planes would cease flying over foreign areas. The business men appealed to Washington and London to take immediate action.

Fearful tension among foreign residents continued unabated and the guards along the settlement boundaries were increased. One hundred additional American marines arrived from Manila aboard the steamer Gold Star and took up their posts on the north-western border.

### Refugees Provide Problem

One of the most serious problems was the great horde of starving Chinese refugees, crowded into the International Settlement and the French concession from the war-torn Chinese areas.

Shallow-draft British steamers, prevented from plying the Yangtze by the Chinese closing of the upper river, were pressed into service to evacuate tens of thousands of Chinese civilians to ports not yet affected by the war.

One million Chinese refugees in Shanghai still await evacuation.

Lady Knatchbull-Hugessen was rushing to her husband's side aboard a British destroyer from her summer home. She was expected to arrive tomorrow. The only visitor the ambassador was allowed to see today was the Japanese ambassador, Shigeru Kawagoe, who called this morning to explain the attack by the Japanese airplanes was "all a mistake." The Japanese envoy said the pilots were unable to see the British flag flying from the ambassador's car as he sped from Nanking to Shanghai.

Japan's newly augmented forces opened the third week of undeclared Sino-Japanese war today with a terrific incendiary bombardment of the Pootung area, across the Whangpoo from the heart of Shanghai. Great new fires were blazing not far from the docks of the American Dollar line.

## Dougan Undecided On Removal Action

COLUMBUS, Aug. 27.—Leland S. Dougan of Columbus, chairman of the state parole board whose removal was ordered yesterday, declared today he intended to "think things over" for a few days before deciding whether to fight the ouster.

Mrs. Margaret Allman, state welfare director, ordered Dougan out of the job on the grounds of "conduct unbecoming an officer of the board." His regular four-year term expired Aug. 16, and he had been serving since that time in the absence of any successor.

## Theater Attractions

The State theater offers tonight and Saturday the Erich Remarque story of post-war Germany, "The Road Back." The film has a large cast of well known players, including John King, Richard Cromwell, Barbara Read, Greta Gynle, Slim Summerville, Andy Devine, Louise Fazenda, Noah Beery, Jr., and Spring Byington.

John King and Barbara Read, featured youngsters in "Three Smart Girls" were chosen for the principal roles in "The Road Back." King plays one of the six German boys who carry the central action of the story.

Riot and Romance  
"The Road Back" starts with the signing of the Armistice which gave the world new hopes of peace. It carries the German troops back to their homes, shows them in riot and romance, striving to build back a happiness they had cherished in their dreams for four years.

Briefly, the story concerns the efforts of a group of boys to adjust themselves to conditions as they find them after an absence of four years spent in the trenches. "The Road Back" takes up where "All Quiet on the Western Front" leaves off. Both are by the same author, Erich Remarque. "The Road Back" treats of the disillusionment, the heart-breaking revolutions, which come to the ex-soldiers as they find their ideals, so closely held for years, trampled under foot at home.

Blow at Militarism  
Remarque's book dealt with the period following the close of the World War when the German people cast out their leaders and

groped for relief from the famine and hardships which had been their lot during the four-year conflict. The novel proved a political bombshell and the author was forced to flee from his native land. It dealt a blow at militarism which was again becoming a spectre on European horizons.

Charles Starrett, popular western player, is starred in Peter B. Kyne's tale of the old west, "Two-Fisted Sheriff," at the Grand. Barbara Weeks plays opposite the star. The picture will be seen tonight and Saturday.

### Sidewalk Project

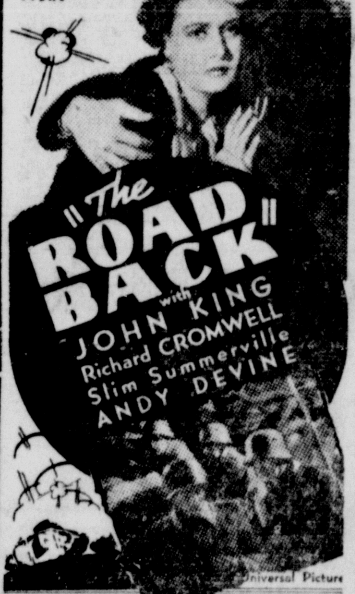

NORTH BENTON, Aug. 27.—The approval of the Mahoning county engineer's office will be the signal for starting a \$1,660 sidewalk project here, A. F. Yothers, Smith township clerk, said today.

According to Emerson, beauty is justified by the pleasure it gives others. This is true in the home also. The modern electric kitchen is designed for beauty but its greatest asset lies not in its gleaming chromium, spotless porcelain and balanced units but in the pleasure derived from efficient electric cookery, safe refrigeration and countless other kitchen duties that are done better electrically. Bring beauty and pleasure into your home with modern electric equipment.

# SIX GRID LETTERMEN AVAILABLE TO SCHROEDER

## QUAKER COACH SIGHTS OLEXA AS BEST BACK

### Schroeder May Change Positions of Two Grid Lettermen

Six lettermen will be available to Coach Carl F. Schroeder this fall for the foundation of his 1937 Salem High school football team.

Monogram wearers, who are expected to be on hand for the opening of practice at Centennial park next Wednesday morning, are Mike Cerbu, Bob Kirchgesner, Bill Schaeffer, Bill Malloy, Oliver Olexa and Charles Wentz. All are seniors except Cerbu, who is a junior.

Cerbu played at center and end last year. Kirchgesner at tackle, Schaeffer at end, Wentz at fullback and Malloy and Olexa at halfback.

Two of the lettermen may be shifted to new positions this season, according to Coach Schroeder's present plans. Kirchgesner, who tips the scales at about 175 pounds, may be moved to a guard, while Wentz may be converted from a fullback into a guard or tackle.

The other lettermen will probably remain at their present positions unless Coach Schroeder sees fit to make a change. Cerbu undoubtedly will be assigned to the center post since he has no serious rivals for this position. Schaeffer's ability to snap passes makes him valuable at a wing post and Malloy's punting is his leading qualification for the right to retain his halfback job.

Olexa is possibly the most outstanding of the returning lettermen. He is shifty, fast and clever in ball-carrying and has learned to pass accurately since last year. Schroeder is counting heavily on him as the nucleus of his backfield.

At present Olexa is in New York state, and it has been rumored that he will remain there this fall, but Coach Schroeder has recently received letters from his backfield star saying that he will be back in Salem in time for football.

Seven linemen and three backs are included in the 10 reserve lettermen for play this season. All of these reserve letter wearers saw action last year, but lacked the 20 quarters necessary for a varsity letter.

The returning reserve linemen are Ralph Taylor, guard; Bob Sanders, end; Lloyd Walker, guard and center; Harold Fitzsimmons, guard; Mike Guapone, guard; Charles Kesselmeire, end, and Richard Beck, tackle. The backfield men are Robert Minamyer, halfback, and Stuart Wise and Delbert Thomas, quarterbacks.

Mike Oana, one of Schroeder's best reserve linemen of last year, will be lost to the team this season. Oana has been declared ineligible because of grades.

Among the promising prospects who did not receive varsity or reserve letters last year are Julius Westora, Bud Dean, Bill Rogers, Bob Clark, David Cope, Joe Kornblum, Vaughn Caulfield, Mike Mileuic, Harry Halverstadt, Joe Morris, John Syppko, Dick Terry, Bill Hatfield, Bill Segesman, Walter Wagoner, Jack Hickling, Robert Beck, George Matsuk, Bob Shoe, Joe Vendor, Gusti Conja, Warren Willis, Charles Tolp, Frank Davis, Jim Schafer and Bob Enders.

Of these players, Nestor, Dean and Cope are the most likely prospects for varsity posts.

Nestor is an end, who saw some service last year and showed plenty of scrap. He dropped off the team near mid-season after earning a varsity wing position.

Dean is a back with two years of football experience at Cleveland and Millwood High to his credit.

Cope has no previous experience, but has the size and natural ability to make a good tackle. He took part in spring practice and showed possibilities of developing into a reliable lineman.

New game equipment for varsity players has been ordered and is expected to be received this week. The new uniforms consist of red jersey satin pants with white inserts in the legs, white jerseys with red and black stripes on the sleeves, white stockings and red and white headgear.

One of the new uniforms will be placed on display in the window of the N. L. Reich store as soon as all the equipment arrives.

## FORMER CHAMPS SEEK 2ND WINS IN TRAP SHOOT

### Unknowns Rankas Favorites In Grand American-can Shoot Today

By FRITZ HOWELL

**VANDALIA, Aug. 27.**—Nine former champions walked out on the traps today at the 38th Grand American trapshoot, determined to upset tradition by winning for the second time the clay target sport's premier event, the Grand American handicap.

Never since the Grand American program was launched at the turn of the century had any man repeated in the 100-target classic.

Eight former title-holders competed in the Grand American preliminary yesterday, and several of them gave notice that they must be reckoned with today.

More than 1,000 shooters were slated to get into the fray before the entries closed at noon—the largest entry list since M. Newman of Sweetwater, Tex., beat out a field of 1,100 in 1929.

Mark S. Hootman of Ohio, who won the title back in 1913, led the ex-champs yesterday in the preliminary with 97 of 100 from the 21-yard line—the same score he tacked together to win the classic 24 years ago. Walter Beaver of Berwyn, Pa., (1933 and A. E. Sheffield of Dixon, Ill., (1932) were next with 95, while Ben F. Cheek, the Clinton, Ind., garage operator and quail hunter who won a year ago broke 94.

Charley Young, the "grand old man" of trapshooting from Springfield in 1926 with a perfect run of 100 from the 23-yard line—a tourney record—has not shot this week due to an injury, but he will keep intact his record of being the only man to compete in every Grand American by shooting today. Young, 80 years old, is regarded as a serious threat to win again.

No woman has ever won the grand, but several gave promise in the preliminary of pressing the leaders. Among them were Mrs. W. M. Morrison of San Diego, Calif., who broke 95; Mary Noll of Kansas City who was just one behind that figure; Mrs. Leila Hall, national clay target champion from Strasburg, Mo., and Mrs. George Peters of Springfield, who crumbled 92.

The greatest target-breaking barrage in the history of the preliminary yesterday presaged another

## Grate And Masonic Bowling Alleys Open Friday, Sept. 10

It's still a little too warm to be tossing 16-pound mineralites down alley ways, but a sign that the 1937-38 bowling season is not far off was seen today in the announcement that the Grate Recreation and Masonic temple alleys will open Friday, Sept. 10.

Alleys at both bowling establishments are now being refinished and will be in the best of shape for the opening.

Bowlers will have eight days, not including Sunday, to practice before league seasons get under way. According to plans of the Salem Bowling association, league competition, which is expected to reach a new high during the coming season, will open Monday, Sept. 20.

Association officials are now arranging meetings for the various leagues of last season and planning for the formation of a number of new leagues.

Present plans call for the first league meetings to be held the week prior to the opening of the season. These meetings will be held

under the supervision of the association of which Ralph W. Hawley is president. C. V. Rakestraw is vice president and Bill Jurgens, secretary-treasurer.

In order to attract new bowlers and form new leagues, the association plans to publish in several days an application blank which may be filled out by persons who would like to join a team for the 1937-38 season.

Beauty Is Its Own Excuse

According to Emerson, beauty is justified by the pleasure it gives others. This is true in the home also. The modern electric kitchen is designed for beauty but its greatest asset lies not in its gleaming chromium, spotless porcelain and balanced units but in the pleasure derived from efficient electric cookery, safe refrigeration and countless other kitchen duties that are done better electrically. Bring beauty and pleasure into your home with modern electric equipment.

# SIX GRID LETTERMEN AVAILABLE TO SCHROEDER

## QUAKER COACH SIGHTS OLEXA AS BEST BACK

Schroeder May Change Positions of Two Grid Lettermen

SIX lettermen will be available to Coach Carl F. Schroeder this fall for the foundation of his 1937 Salem High School football team. Monogram wearers, who are expected to be on hand for the opening practice at Centennial park next Wednesday morning, are Mike Cerbu, Bob Kirchgesner, Bill Schaeffer, Bill Malloy, Oliver Olexa and Charles Wentz. All are seniors except Schaeffer, who is a junior. Cerbu played at center and end last year, Kirchgesner at tackle, Schaeffer at end, Wentz at fullback and Malloy and Olexa at halfback.

Two of the lettermen may be shifted to new positions this season, according to Coach Schroeder's present plans. Kirchgesner, who tips the scales at about 175 pounds, may be moved to a guard, while Wentz may be converted from a fullback into a guard or tackle. The other lettermen will probably remain at their present positions unless Coach Schroeder sees fit to make a change. Cerbu undoubtedly will be assigned to the center post since he has no serious rivals for this position. Schaeffer's ability to snag passes makes him valuable at a wing post and Malloy's punting is his leading qualification for the right to retain his halfback job.

Olexa is possibly the most outstanding of the returning lettermen. He is shifty, fast and clever in ball-carrying and has learned to pass accurately since last year. Schroeder is counting heavily on him as the nucleus of his backfield.

At present Olexa is in New York state, and it has been rumored that he will remain there this fall, but Coach Schroeder has recently received letters from his backfield star saying that he will be back in Salem in time for football.

Seven linemen and three backs are included in the 10 reserve lettermen for play this season. All of these reserve letter wearers saw action last year, but lacked the 20 quarters necessary for a varsity letter.

The returning reserve linemen are Ralph Taylor, guard; Bob Sanders, end; Lloyd Walker, guard and center; Harold Fitzsimmons, guard; Mike Guappone, guard; Charles Kosselmir, end, and Richard Beck, tackle. The backfield men are Robert Minayner, halfback, and Stuart Wise and Delbert Thomas, quarterbacks.

Mike Oana, one of Schroeder's best reserve linemen of last year, will be lost to the team this season. Oana has been declared ineligible because of grades.

Among the promising prospects who did not receive varsity or reserve letters last year are Julius Bestora, Bud Dean, Bill Rogers, Bob Clark, David Cope, Joe Korman, Vaughn Caulfield, Mike Mileu, Harry Halverstad, Joe Morris, John Syppko, Dick Terry, Bill Huffley, Bill Segesman, Walter Wagner, Jack Hickling, Robert Beck, George Matsuk, Bob Shoe, Joe Vendor, Gusto Conja, Warren Willis, Charles Tolp, Frank Davis, Jim Schafer and Bob Enders.

Of these players, Nestor, Dean and Cope are the most likely prospects for varsity posts.

Nestor is an end, who saw some service last year and showed plenty of scrap. He dropped off the team near mid-season after earning a varsity wing position.

Dean is a back with two years of football experience at Cleveland Millwood High to his credit. Cope has no previous experience, but has the size and natural ability to make a good tackle. He took part in spring practice and showed possibilities of developing into a reliable lineman.

New game equipment for varsity players has been ordered and is expected to be received this week. The new uniforms consist of red jersey with white stripes on the sleeves, white stockings and red and white headgear.

One of the new uniforms will be placed on display in the window of the N. L. Reich store as soon as all the equipment arrives.

## Breezy Briefs Of Sport From Brietz To You

By EDDIE BRIETZ  
NEW YORK, Aug. 27.—This makes twice the old almanac from which he picks his fight dates has done Mike Jacobs dirt... there have been 21 no-hit games pitched so far this season... isn't that a record? ... Rudy York, who has hit six homers in five days for the Tigers, struck out the first and only time he appeared in the Tiger lineup in 1934.

A southern writer says virtually every major league manager except Connie Mack, Joe McCarthy and Charlie Grimm is worrying about his job next season... can't you just picture Bill Terry and smart old Bill McKechnie losing a lot of sleep these nights? ... the thrifty Tommy Farr canned all his sparring partners the minute he quit training the other day and now has to recruit a new lot.

Which big league club is going to grab off Roy Decker, the Chicago kid who has hurled five nine-inning shutouts the last month for the Pensacola Flinders of the South-eastern league? ... he came up with one three-hitter, three four-hitters and one six-hitter... don't see how that limb holds all the experts who are out there on Lois.

Jimmy Braddock is more popular than ever... he came in from the country yesterday and visited the Hippodrome... fully 300 fans jammed the sidewalks in front of the joint for more than an hour until Jimmy came out... and what a hand he got! ... "gee," said the tickled Braddock, "these guys don't read the papers... they think I'm still champ."

If Tony Lazzeri doesn't manage Cleveland next year, he'll get an important job in the Yankee farm system... latest story has Rogers Hornsby headed for Pittsburgh.

## Eight Teams Fight For Softball Title

LIMA, Aug. 27.—A new state softball championship was assured today as eight teams went into the second day of elimination play.

Already removed from the list were four outfits, including Toledo Page Dairy, winner in 1935 and 1936.

The Dairy team lost to Mansfield 5 to 3. Columbus Onized club beat Middletown 2 to 1 (overtime). Dayton defeated Toledo Krause Cafe 4 to 3 (overtime) and Sidney beat Chillicothe 2 to 0.

The final will be played Saturday night.

## FORMER CHAMPS SEEK 2ND WINS IN TRAP SHOOT

Unknowns Rankas Favorites In Grand American Shoot Today

By FRITZ HOWELL  
VANDALLIA, Aug. 27.—Nine former champions walked out on the traps today at the 38th Grand American trapshoot, determined to upset tradition by winning for the second time the clay target sport's premier event, the Grand American handicap.

Never since the Grand American program was launched at the turn of the century had any man repeated in the 100-target classic. Eight former title-holders competed in the Grand American preliminary yesterday, and several of them gave notice that they must be reckoned with today.

More than 1,000 shooters were slated to get into the fray before the entries closed at noon—the largest entry list since M. Newman of Sweetwater, Tex., beat out a field of 1,100 in 1929.

Mark S. Hootman of Ohio, who won the title back in 1913, led the ex-champs yesterday in the preliminary with 97 of 100 from the 21-yard line—the same score he tacked together to win the classic 24 years ago. Walter Beaver of Berwyn, Pa., (1933 and A. E. Sheffield of Dixon, Ill., (1932) were next with 95, while Ben F. Cheek, the Clinton, Ind., garage operator and quail hunter who won a year ago broke 94.

Charley Young, the "grand old man" of trapshooting from Springfield and winner of the handicap in 1926 with a perfect run of 100 from the 23-yard line—a tourney record—has not shot this week due to an injury, but he will keep intact his record of being the only man to compete in every Grand American by shooting today. Young, 80 years old, is regarded as a serious threat to win again.

No woman has ever won the grand, but several gave promise in the preliminary of pressing the leaders. Among them were Mrs. W. M. Morrison of San Diego, Calif., who broke 95; Mary Null of Kansas City who was just one behind that figure; Mrs. Lela Hall, national clay target champion from Strasburg, Mo., and Mrs. George Peters of Springfield, who crumbled 92.

The greatest target-breaking barrage in the history of the preliminary yesterday presaged another

## HOW THEY STAND

record scoring session today. A year ago 97 of 100 was good enough to win the preliminary for E. L. Hawkins of Fort Wayne, Ind., but in yesterday's event there were five scores of 99, nine of 98, and 17 of 97.

Darkness overtook the five leaders before the shootoff could be completed, leaving John W. Eggermann, of Naperville, Ill., and B. V. Christie of Houston, Tex., to battle it out today in 25-target events. They eliminated Sam Leever of Goshen, O., former big league pitcher; Frank Storms of Goshen, N. Y., and P. Radabaugh of Akron in the unfinished shootoff yesterday, after the five had tied at 99 of 100.

Ned Lilly, 21, of Stanton, N. Y., took the national doubles crown in a shootoff with Phil Miller of French Lick, Ind., after they had tied at 98 of 100, a score which broke existing records by two targets. In the shoot off Lilly broke 19 of 20, and Miller one less.

The professional doubles crown went to Clyde Mitchell of Milwaukee, Wis., who also broke 98 of 100. William Wickes of Houston, Tex., and J. R. Graham of Ingleside, Ill., were to fight it out today for the professional preliminary handicap laurels, each breaking 97 of 100 yesterday and not having time for a shootoff.

**Vaughn Wins**  
CLEVELAND, Aug. 27.—Jimmy Vaughn, Cleveland lightweight, won a decision over Mike Gamiere, former Cleveland Golden Gloves champion, in a 10-round bout at the Cleveland stadium last night.

ST. LOUIS—George Zaharis, 237, Pueblo, Colo., won from George Koverly, 220, Hollywood, Calif., 28:29. Koverly disqualified.

## Grate And Masonic Bowling Alleys Open Friday, Sept. 10

It's still a little too warm to be tossing 16-pound mineralites down alley ways, but a sign that the 1937-38 bowling season is not far off was seen today in the announcement that the Grate Recreation and Masonic temple alleys will open Friday, Sept. 10.

Alleys at both bowling establishments are now being refinished and will be in the best of shape for the opening.

Bowlers will have eight days, not including Sunday, to practice before league seasons get under way.

According to plans of the Salem Bowling association, league competition, which is expected to reach a new high during the coming season, will open Monday, Sept. 20.

Association officials are now arranging meetings for the various leagues of last season and planning for the formation of a number of new leagues.

Present plans call for the first league meetings to be held the week prior to the opening of the season. These meetings will be held
